#### **TOPIC: CITIZEN'S CONCERNS**

	A yellow jacket nest was reported last month at Gardner Playground but the Conservation Department crew was unable to find it. A subsequent call from another resident gave specific directions enabling location and removal of the nest. There was a particular concern over public safety for the Oktoberfest event to be held at Gardner Playground on Saturday, October 14.

#### **TOPIC: SUMMER PROGRAM PERFORMANCE**

<b>DISCUSSION</b>	<p>Ms. Fochtman described the Recreation Department revolving fund. The revolving fund fiscal year ends on June 30. Recreation operations are seasonal and occur on a calendar basis. At the fiscal year-end the department calculates how much money was paid in advance for activities scheduled to take place after that date. (Example: A group pays in June for a Camp Acton rental to take place during July. This is a "pre-paid" item.) Under commonwealth law, the revolving fund may not carry forward a balance of more than \$10,000. Pre-paid items are not included and are subtracted from the balance. Ms. Fochtman and Ms. Repucci are in the process of analyzing departmental financial data to establish the revolving fund balance as of July 30, 2017. The information will then be supplied to auditors.</p> <p>"Meeting on the Hill" was discussed, the annual budget meeting involving all Town departments. The meeting was held early this year in anticipation of Town Meeting in December.</p>

#### **TOPIC: DOG PARK COMMITTEE UPDATE**

<b>DISCUSSION</b>	An article will appear in the next "Municipal Quarterly," a newsletter mailed to Acton taxpayers along with their tax bill, asking residents to "Bark for a Park." The Dog Park Committee is charged with determining whether a need exists in Acton for a dog park. It

	meets twice monthly and plans to rent a booth at Oktoberfest where it will distribute information and seek public input. It is also developing a summary of the benefits of a dog park to present to other Town boards and committees. It will study possible dog park locations at a later date, if consensus that a dog park is needed can be demonstrated to the Board of Selectmen. Ms. Fochtman has suggested the Committee also reach out to the Commission on Disabilities and the Council on Aging to access segments of the population that might support a dog park.

<b>DISCUSSION</b>	<ul style="list-style-type: none"> <li>a) Rail Trails – Ms. Fochtman reported that the 12-foot wide paved section of the Bruce Freeman Rail Trail overlapping the NARA Park walking trail is almost complete. Safety concerns were discussed pertaining to pedestrians using the same path as cyclists.</li> <li>b) NARA Sports Pavilion – The Office of Michael Rosenfeld, architects for the project, made an abrupt announcement that it will dissolve with no successor.
