

# Acton Cemetery Commission

## Minutes of

Wednesday, December 13, 2017

Room 126, 2:00 p.m.

The meeting opened at 2:05 p.m. with Joe Will, Dana Snyder-Grant and Bill Klauer in attendance. Director of Natural Resources, Tom Tidman was also present as well as Selectmens' Liason, Joan Gardner.

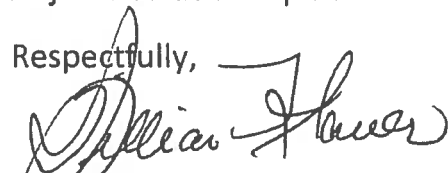

Item 1 of the posted agenda was the Annual Report, Allura Overstreet had provided statistical information about activities of the Cemetery Department as input for the report. Joe Will will incorporate them with our Annual Report.

Item 2 centered around our presentation to the Community Preservation Committee regarding the Kennedy Service Building. Tom advised that bids have been received and "look favorable" for the amount of money that we anticipate. Both Tom and Bill will make the presentation and Dana will focus on the non-accessibility issues that prevail.

Item 3 concerns the Community Preservation application to restore portions of crumbling portions of the stone, cement and iron gates that are in Woodlawn Cemetery. A presentation of their condition has been submitted and does not appear to raise any questions.

Adjourned at 3:02 p.m.

Respectfully,

William A. Klauer, Clerk
